Air Emission License
Transfer**

After review of the file and related materials submitted with regard to the above noted application, pursuant to Title 38, M.R.S.A., Section 590 and Chapter 2 of the Department Regulations, the Department finds the following facts:

I. Provident Concrete Products LLC (Provident Concrete) has requested the transfer of Air Emission License A-778-71-B-R from Saco Brick Company to Provident Concrete Products through a letter to the Bureau of Air Quality dated April 9, 2005. The facility manufactures concrete blocks. Air Emission License A-778-71-B-R, was issued to Saco Brick Company on October 29, 2004.

II. The full name and address of the new owner is:

Provident Concrete Products LLC
PO Box 419
102 Industrial Park Road
Saco, Maine 04072

The closing date for the purchase was March 22, 2005 and Provident Concrete has assumed all obligations of the facility. A copy of the transaction closing statement was submitted to the Bureau of Air Quality on April 19, 2005.

III. Provident Concrete certifies that there will be no increase in air emissions beyond that provided for in the existing license, either in quantity or type.

IV. Provident Concrete states that they possess the technical and financial capacity to operate the facility. Provident Concrete has retained employees who were previously responsible for operation and oversight of the emission units at the facility when it was owned and operated by Saco Brick Company and has hired employees whose educational backgrounds focused on the concrete industry. Thus, the applicant feels confident that there is sufficient financial capacity and expertise in running the plant so as to operate completely within compliance of the license.
